**Wildcat 'Quarterly' (Catflap) Newsletter**

**(January 1 2025 - Mid April 2025)**

Please find below, a summary of Wildcat's activities in The Republic of Sudan and South Sudan over the first 3.5 months of this year.

### **SUDAN (North)**

Sorry for the delay in getting the quarterly Cat Flap newsletter out.

The Company was busy getting its office in Khartoum which it had to abandon in April 2023 due to political unrest, back up and running.

Also, the Company took the opportunity to renew relationships with the various branches of the Sudanese government oil sector.

*Wildcat's Dr Omar with Eng Alsadig Jabir (Head of the Oil Exploration & Production Authority)*

*Wildcat with Mr Adil Omar, General Manager of state oil company SUDAPET*

*Wildcat Chairman Mandhir Singh with the manager of the Bamboo Field*

#### **SOUTH SUDAN.**

As reported on March 20 2025, Wildcat signed a Collaboration Agreement with The Strategic Fuel Fund Association ("**SFF**"), an organisation owned by the State of South Africa. The Agreement focuses on evaluating the petroleum assets in South Sudan previously held by PETRONAS.

Securing this Agreement with the South African government through its wholly owned entity SFF is excellent news for Wildcat in its endeavours to secure a deal in South Sudan. A tie-up with SFF can only enhance Wildcats chances of securing a deal in South Sudan.

The management are more than happy with the way things are progressing in the country.

#### **CONSULTANT**

On 13 February 2025, Wildcat announced the appointment of Mr Charles Hall as a consultant.

Mr Hall's role within Wildcat is to work with the board to widen the breadth and depth of the Wildcat shareholder base, with particular emphasis on institutional natural resources investors with past experience of investing into African oil projects.

To this end Mr Hall has been raising awareness of the Company amongst such investors based in Luxembourg, Liechtenstein, Switzerland, Canada & Australia.

Mandhir Singh,

Chairman, Wildcat Petroleum plc
